DUTY LOG

2022-02-18

19:02 Licence plate numbers of those trucks that departed voluntarily provided to s.37 @ottawapolice.ca

17:58 **NOTE:**

- Started discussion with OC Transpo regarding busing
- Awaiting response from OC Transpo management
- Given the surge capacity for tomorrow small vehicle transport is not practicable
- 2 buses required for transport and pick up for day, afternoon and night shift
- Point of pick up and drop off would be Chateau Laurier
- Member could use the Chateau for a warming station and meals; provided the next POU push provides the reactionary gap necessary to do so
- OC Transpo will be bringing in dozens of buses to block streets in the CAZ
- This will have to be a priority for the oncoming shift -> the request must be run through Sylvia from the EOC -> they occupy the oblong table in the centre of the NRCC; no one is present at the time of writing; ask is now for 3 buses

17:54 Only 1 push forward in Phase II; stationary by the Chateau

1657 Mark 9 OC authorized; crowd combative and striking front line with flags and attempting to grab CEW's

15:38 CLG requested an update regarding the in-custody status of Personal; at time of writing SOC is currently in a mobile jail and hasn't arrived in central booking; Duty Inspector committed to updating on his in custody status/charges upon his arrival

1517 **NOTE:**

- Progress during Phase II has been episodic (by design)
- The operation has been methodical and not overly inflammatory to the crowd
- That said, the slow progress has created an added logistical consideration for tonight at tomorrow
- The area which has been secured must now be held and the property left behind will end up having to be secured; this will be a particularly heavy lift from an HR perspective
- The area of greatest concern is the Sussex/Rideau/Wellington intersection
- It is TBD how this problem will be navigated as we draw toward the evening
- OPS was made aware of RCMP surge capacity to assist
- Awaiting further contact from OPS at this time
- A tactical consideration for this evening; if the POU withdraw and the crowds sees a softening of the police stance; there remains the distinct possibility that they may seek to exploit a lack of a visible deterrent like a POU in s.37 equipment

- 1444** Report of semi jack-knifed intentionally on Booth south of Albert; QRT to respond
- 1325** **Perso Personal** arrested by RCMP; removed from circulation
- 1245** Possible IED behind PC @ Chateau Laurier; white PVC pipe with small black design in the centre; OPS EOD on scene to assess; previous incident last night on CIG brief; stall tactic also used in Windsor protest to slow police advance
- 1130** Phase II – Rideau Sussex underway
- 1110** BOLO **Personal Info.** drove through OPS road check; stopped just prior to downtown @ Nicolas; SOC affiliated with convoy/protest
- 1014** PRU observed a group of protesters moving on foot toward downtown from Vanier Parkway; OPS advised; group BOLO'd
- 0916** Former RCMP member BULFORD observed walking with male and female walking toward Parliament Hill; their movements are being video recorded by an associate; info only
- 0855** Stolen plow recovered; abandoned @ Rideau and Sussex; QRT to respond; vehicle was abandoned after MVI by city employee afraid for his safety; info only; nfarch
- 0816** Car jacking; sidewalk plow stolen; Byward Market; BOLO'd
- 0808** 279 Laurier Break & Enter in progress; computer store; OPP QRT to respond; 2 SOC's arrested inside; SOC's entered via open door; sought shelter and slept inside
- 0730** POU in place Nicolas @ Laurier
- 0716** Public Works wanted access to sensitive site for snow removal – **request denied**
- 0712** POU convoy en-route Nicholas and Laurier
- 0702** OP delayed 30 minutes
- 0615** Tac Troop buses being blocked by CAZ vehicles; finding alternate route; call into OPS Duty Inspector to move assets; delayed arrival on-site
- 0609** BOLO **Personal Info.**; acting suspiciously/hostile to police presence; no further info @ this time
- 0558** OPP person of interest **Personal Info.** s.37 in Aylmer; SOC has outstanding warrants; history of violence; Freeman on Land ideation; former member of CF
- 0500** Attended briefing; spoke to teams 3, 4, 5, 6, 13 to be prepared to move; plot routes of egress; established Emergency RV War Museum
- Number RM @ TCP – 43
 - Number QRT with OPS – 24
 - Reserve (no vehicle) – 5
 - Logistics – 5

- Number of traffic control points – 13
- Marked PC – 21
- Carbines – 21

0400 Hand over from Schmidt

0400 Hand over brief to St Fleur – verbal and log.

0325 Spoke with on duty members – NOT receiving emails via Assist_OPS. Officer Safety Bulletin resent via Ontario OCC.

0323 s.37 down in Alymer.

0044 Final QRT member from afternoon shift released. Notes added to QRT log. Coordinators off duty.

2022-02-18

2311 Schmidt reached out to Mobilization to seek list of all employees working 0400 or 0600. Not able to make contact overnight.

2300 Updated by QRT coordinator Tennant and Karimullah – afternoon shift was late relieving overnight shift due to change in briefing location, road closures and weather.

2152 Contacted by Supt O’Beirne advising that employees were not being allowed access into 1200 Vanier. Schmidt followed up with OPP and OPS Duty Officers who advised that the ramp accesses off the 417 are being closed to any traffic over night and into Friday. Schmidt received duty roster for Feb 18 and disseminated information regarding road closures to all employees on roster directly and through Assist_OPP email, as well as advised OCC & NOC 1 to advise their members to gain access to 1200 Vanier by St Laurent Blvd. From conversations with Logistics and TSG it does not appear that any members are mustering in that area tomorrow, but Schmidt requested OPP open the access the Eastbound ramp toward Vanier/Riverside from 0300-0345 for shift change.

2000 Handover from Insp Brillion – nothing of note to pass along. Briefed by Insp.

1945 CIG update sent by email. Most of the information has been disseminated earlier today. No new information in relation to Officer Safety to be reported at this time.

1421 Intelligence request to locate Personal Info. broadcasted to all members via radio and email.

07:03 Informed OPS OCC that construction will be conducted at the intersection of Sparks and Bay Street and to advise their officers that nail guns will be utilized.

05:00 Briefing

0400 Hand over to Insp St-Fleur – duty log, verbal brief and OPS channel Delta (QRT).

0338 Email sent to Falls and Duty Inspectors regarding conclusion to interdiction effort overnight.

0328 OPP updated - 2 bobtails and 2 pickup trucks exited at Embrun, ON. Believed to have come from Cornwall, ON.

0245 Update from 2217hrs BOLO of male coming from North Bay with weapons. Sent via Assist_Ops.

- Male has braided beard
- Vehicle has CB radio with shorter CB antenna on vehicle.

- Weapons last seen in the trunk.

0230 OPS-NCRCC off duty. Insp Schmidt monitoring OPS Delta Channel for awareness of QRTs.

0230 Sit Awareness from OPS

CROWD dynamics are changing. Crowd is becoming more militant and confrontational with Police. Sussex and Rideau has a Quebec element which is both preventing certain truckers from leaving (not reported officially to police) and were telling officers that they will be assaultive if they start enforcement actions, or are seen taking down plates. Please be aware that some protesters have been seen with gas masks.

5000 linear feet of fencing is being installed in front of Parliament Precinct (West Block to East Block), behind the library of Canada and in front of the Senate (Old Train station/Conference Centre on Wellington) Working starting at 0300 am- work to be completed by 08:00 hrs.- Unknown effect this will have on the crowds.

The protest movement is fractured – hierarchy has lack of control on certain streets and any agreement with the city isn't agreed amongst all block captains. Currently **SITE 1**. Kent st. and Lisgar st. area is one group refusing to move, **SITE 2** Bank St between Albert and Slater (approximately 50 vehicles) is another group refusing to leave or compress their footprint. **SITE 3** Sussex and Rideau have Quebec backing and are confrontational with more moderate Truckers who have expressed interest in deescalating and leaving the protest. – Full email distributed via Assist_OPS

0157 Interdiction vehicles pulled off posts and vehicles returned to TPOF. Members back to QRT responsibilities.

0051 Advised by OPS that OPP had lost visual contact on the convoy coming from Kingston. Dave Falls, NCO I/c Lowry and QRT coordinators advised. Vehicles maintained positions until 0200 then were released.

0050 Email sent to Dave Falls as update

0029 Briefing held for RCMP/OPS QRT by OPS John Svab. Interdiction effort to be led by ICC NOCC (D.Thompson)

2022-02-17

0010-0015 OPS determined that no interdiction would be completed, but that off ramps would be blocked when the convoy entered the Ottawa area.

2357 Cornwall detachment called off as OPS would be handling situation within Ottawa City Limits.

2355 QRT members en route back to TPOF in order to deploy in RCMP PCs

2350 Advised Lowry to prepare vehicles for deployment with OPS.

2346 Schmidt called Falls to provide awareness and seek approval of release of members/vehicles. Falls released members and vehicles for support of interdiction.

2330 OPS received update from ICC NOCC of a 20 vehicle convoy coming East on the 401 (10 trucks and 10 passenger vehicles) at Kingston. Vehicles bound for Wellington.

OPS John Svab requested support from the RCMP to assist with Interdiction. Asked "how many PCs could be released? Could Cornwall Detachment assist?"

Schmidt contacted Lowry to determine spare vehicles at TPOF; found to be 8 marked PCs.

Schmidt contacted Cornwall detachment and was advised they had 4 members and 2 marked PCs.

OPS would release 8 OPS members from QRT as well to accompany 8 RCMP officers.

2217 Information from Comms Centre North Bay OPP:

Male complainant identified as **Personal Info.** stated that he was having a conversation with an unknown male who stated he was leaving at 18:00 hrs. to head to Ottawa in order to support the convoy.

Subject is described as White Male, with dark hair and scruffy beard approximately 4 inches long.
